

**Martedì 7 giugno 2016 alle ore 10 presso  
l'aula 13 del DST (edificio Geochimica)**

**il Dr. Marc-André Ostermann (Institute for  
Geology - University of Innsbruck) terrà un  
seminario sul tema:**

***Dating massive rock slope failure – The  
application of Cosmogenic Nuclides,  
Optical Stimulated Luminescence and  
other methods to reveal the  
spatial/temporal relationship of  
catastrophic rockslides in the Alps***
