

## Latera Info Day

ECCSEL-ERIC Italian node: CCUS (Carbon Capture Utilisation and Storage) research facilities and their strengthening through PNRR funding.

### AGENDA

Day 1 – 22/06/2023

Aula Lucchesi - University of Rome La Sapienza

- 14.00 Welcome (*Sabina Bigi, Università la Sapienza*)
- 14.10 Italian Support to ECCSEL ERIC (*Mauro Bertelletti, Ministry of University and Research*)
- 14.20 ECCSEL ERIC - the European Research Infrastructure for CO<sub>2</sub> Capture, Utilisation, Transport and Storage (CCUS) (*Volker Röhling/Sverre Quale ECCSEL - coordination*)
- 14.40 OGS national node and facilities for CO<sub>2</sub> storage monitoring (*Valentina Volpi/Cinzia Bellezza*)
- 15.00 SOTACARBO: The Sotacarbo CCUS research platform for energy transition (*Alberto Pettinau*)
- 15.20 LEAP (POLIMI): LEAP and POLIMI research facilities for CO<sub>2</sub> capture and thermodynamic characterization of fluid mixtures for energy applications (*Manule Gatti*)
- 15.40 Coffee Break
- 16.00 CNR, "Istituto di Tecnologie Avanzate per l'Energia-Nicola Giordano" (ITAE), Messina: technologies for hydrogen production and storage, eco-friendly energy vectors and CO<sub>2</sub> recycling (*Catia Cannilla*)
- 16.20 CNR "Istituto di Scienze e Tecnologie per l'Energia e la Mobilità Sostenibili" ("STEMS") Naples: Materials Development for CO<sub>2</sub> capture: the MADE4CO2-Lab facilities (*Michela Alfè*)

Day 2 – 23/06/2023

Latera Laboratory - Latera (VT)

- 10.00 Brief introduction of Latera area
- 11.00 Visit to Latera Natural Lab
- 12.30 Lunch at Latera lab

Online registration link: <https://forms.gle/HVpm2kRjBj9o4Emf9>

The presentation will also be available online at the following link:

[meet.google.com/mdw-ysot-oom](https://meet.google.com/mdw-ysot-oom)

Organized by *OGS National Institute of Oceanography and Applied Geophysics* and *University of Rome La Sapienza*, within the ECCSELERATE Project.
